Medicaid Contacts:

This email is regarding charter schools and where things stand for them to participate in the Medicaid school-based services fee for service program.

AHCA did a pilot with one of the charter schools in which the school enrolled in Medicaid, obtained NPI numbers and sought reimbursement for services provided. AHCA is in the process of promulgating the updated Medicaid Certified School Match Program Coverage Policy (Rule 59G-4.035, F.A.C.) and will not begin enrolling charter schools until the rule is adopted.

AHCA will notify me when those changes are made and when those schools will be able to seek reimbursement through the program. Until then, please provide this information to charter schools, should they seek information from you.
